Rhonda Harris
Water Energizers
3008 Middle Road
Jeffersonville, IN 47130

Dear Rhonda,

I write at this time to thank you again for the Water Energizer unit that you provided to me for my in ground swimming pool. The Water Energizer has been an absolute wonder. It has reduced tremendously the amount of chemicals which I must add to the pool in order to maintain perfect clarity and the appearance of sparkling cleanliness in the water. In years past I have had to constantly add significant amounts of costly chemicals to the water to maintain the same effect. In addition the pool cleaning is greatly reduced and the cleaning which is necessary is much easier and less time consuming with the Water Energizer unit. In short, the Water Energizer is a miracle.

I would eagerly recommend to anyone who has an in ground pool (and perhaps above ground pools as well) that they purchase a Water Energizer unit from you. The decrease in cost of chemicals and time expended in pool maintenance more than offsets the cost of the Water Energizer unit. Frankly, it amazes me that people are not knocking down your door to buy these units for their pools. If anyone needs to hear from a satisfied customer regarding the advantages of a Water Energizer unit, feel free to send them my way. Again, thanks for all your help.

Best Regards,

Robert W. Riley
